

Ella-Bella Bee & the Pollinators

This original show, engages with interactive songs, colorful costumes, dance and physical comedy about pollinators -especially bees and bats-, sustaining them and growing food in alternative spaces!

Fact-checked by Cornell entomologist Dr. Cole Gilbert.

OUTREACH

Choose an elementary school to create art for show back-drop!

RESOURCES

STEAM study guide, hand-out, videos and books to help prepare displays & learning.

"... show is charged with energy and useful information while being perfectly aimed at her target audience. . . impressed with how the kiddos and parents were equally spellbound throughout the entire performance."

~ Karen Howe, President Sammamish Friends
